

Thank you to everyone who completed the survey— we had over 50 responses. Overall we are optimistic about the community and voluntary sector in Rother. We know how hard it is currently for many voluntary organisations and we are more than happy to help in anyway we can. We don't always get it right—but we will keep trying until we do.

Martin Fisher, Chief Executive

The staff are always friendly, helpful and want to do their jobs as well as is ever possible. They actually seem to enjoy working which makes a nice change. Well done

Very helpful, a great team at Bexhill East Sussex
